Section 1 – Introduction

This directory provides a list of Native Advantage's network providers.

Your Primary Care Provider (PCP)

You will have to choose one of our network providers listed in this directory to be your Primary Care Provider (PCP). Generally, you must get your health care services from your PCP. Your PCP provides your basic and routine care and helps coordinate other care you need. You may only choose a PCP who is accepting new patients. If you don't choose a PCP when you enroll, one will be assigned to you. Call Member Services for help choosing or changing your PCP.

Primary Care Providers are listed under **Family Medicine**, **Internal Medicine** and **Geriatric Medicine**, and are marked "PCP" in the directory.

Referrals and network providers

The network providers listed in this directory have agreed to provide you with your health care services. You may go to any of our network providers listed in this directory; however, some services may require a referral. You may see any specialist in our network without a referral. When your PCP or specialist believes you need specialized diagnostic tests or treatment, such as therapy or outpatient surgery, they will give you a referral for that care. Many services also need prior authorization. Your Evidence of Coverage explains which ones.

You must use network providers except in emergency or urgent care situations or for out-of-area renal dialysis. If you obtain routine care from out-of-network providers, neither Medicare nor Native Advantage will be responsible for the costs.

You may get emergency services from the closest available provider. You may get urgently needed services from any qualified provider when you are outside our service area, or when network providers are unavailable.

If an out-of-network provider sends you a bill directly, do not pay it. Send the bill to us. We will process it and decide what, if anything, you owe.

Out-of-network/non-contracted providers are under no obligation to treat Plan members, except in emergency situations. Please call our customer service number or see your Evidence of Coverage for more information, including the cost-sharing that applies to out-of-network services.

★ **Tribal Health Facilities.** Providers and facilities marked with a star are operated by a tribal health system. Some may limit their services to American Indian and Alaska Native patients who are eligible for care at that facility. Tribal hospitals marked “Tribal citizens only” are available only to members who are tribal citizens. Please call the facility before your visit to confirm you can be seen there. In an emergency, call 911 or go to the nearest emergency room.

Pharmacies

Network pharmacies are listed in our separate Pharmacy Directory. To get a copy, visit <https://www.nativeadvantage.com> or call Member Services at 1-888-230-4214 (TTY 1-888-230-4215).

Accepting new patients

A • next to a listing means the provider is accepting new patients. Always call the office to confirm before you schedule a visit.

Languages

Each listing shows the languages spoken at that provider’s office. Free language assistance, including interpreters, and auxiliary aids and services such as sign language interpreters, are available to you. Call Member Services at 1-888-230-4214 (TTY 1-888-230-4215).

How soon you can get an appointment

Our standards for appointments with primary care and behavioral health providers are:

- Urgently needed services or emergency — immediately
- Services that are not emergency or urgently needed, but need medical attention — within 7 business days
- Routine and preventive care — within 30 business days

Our online directory at <https://www.nativeadvantage.com/find-care> is updated more often than this printed copy.

If you have questions about Native Advantage or require assistance in selecting a PCP, please call our Member Services Department at 1-888-230-4214, 8 a.m. to 8 p.m., 7 days a week, October 1 – March 31; and 8 a.m. to 8 p.m., Monday – Friday, April 1 – September 30.
